The assessors this year fixed the value at \$531,944,000, hence the board's work increased the value over twenty millions. The state's revenue this year will amount to \$2,902,000, besides franchise taxes, railroad taxes, liquor licenses, etc., which will easily amount to another million.

Jailor Hurd heard them working and went down to see. He was knocked down, dragged into a cell and locked in. The prisoners are Jay Draven, Charles Martin, who are charged with killing Laee Vinson; William Castle, held for murder, and J. Anderson, held for robbery. None have yet been caught. A large posse, with bloodhounds, are after them. It is believed here that the posse is close after one of the men.

SENT TO THE BOTTOM.

Confirmation of the Destruction of the Spanish Torpedo Boat Destroyer, With All on Board.

KINGSTON, Jamaica, June 7.—News was received here Monday from Port Antonio, confirming the report brought there Sunday by a vessel from Santiago de Cuba saying that the Spanish torpedo boat destroyer Terror (Puror?) had been sunk by an American war ship. It appears that the battle ship Oregon saw a long craft sneaking close to the shore and heading toward the harbor. She signaled the craft to turn to and the signals were improperly answered, whereupon the Oregon opened fire upon her. A 13-inch shell struck the torpedo boat amidships and she sank with all hands.

The vessel is supposed to have been the Spanish torpedo boat destroyer Terror trying to make her way into the harbor of Santiago de Cuba, to rejoin the fleet of Adm. Cervera, with which she arrived at Fort de France, island of St. Martinique. The Terror was compelled to remain at Fort de France owing to her boilers being out of order. On the other hand, it is believed that the torpedo boat destroyer sunk may have been the Furor, of Adm. Cervera's fleet, as the latest reports concerning the Terror seem to show that her boilers are still out of order.

The Spanish torpedo boat destroyers Furor and Terror were built at Glasgow for Spain, and completed their official trials in November, 1896. They are bigger than any of their type in the British fleet, being 230 feet long and 22 feet broad. Their armament consists of two 14-pound rapid fire Maxim-Nordfilds, two 10-pounders of the same caliber and two 37 MM automatic Maxims. There are also two 4-inch deck-mounted torpedo tubes on Schwarzkoef system.

BARBAROUS DEFENSE.

The Act of Imprisoning Lieut. Hobson and Men in El Morro, in Line of Fire, is Denounced.

OFF SANTIAGO DE CUBA, June 7.—Adm. Sampson is determined not to allow the Spanish to remove the Merrimac from the spot where she lies. On Saturday it was reported that they were working at the hull, and the American fleet formed in line of battle, with orders to bombard. It turned out that the Spanish were not so engaged and the fleet withdrew. Adm. Sampson had given special orders that El Morro, where the heroes of the Merrimac are imprisoned, should be spared in the firing.

Adm. Cervera's polite assurances were accompanied by the statement that Lieut. Hobson and his men were confined there. This placing of prisoners in the direct line of fire is denounced by American officers as a act of inhumanity.

Gen. Castillo, commanding the Cuban forces in the west and north of the province of Santiago, has been concentrating 4,000 Cubans in the vicinity of the city.

En Route to Cuba and Porto Rico.
NEW YORK, June 7.—A Washington dispatch says enough information has reached there from Tampa and Mobile, where a strict censorship is enforced, to indicate that most of the troops mobilized at those points are now on the way to Cuba and Porto Rico. A cable from Kingston, Jamaica, Monday is confirmatory of Saturday's dispatches that the first division of the American army, consisting of 5,000 men, had landed near Punta Cabrera. A gunboat of Sampson's fleet put several troops of cavalry to flight.

Fatal Quarrel Over a Horse.
BELLFONTEINE, O., June 7.—Frank and James Berry had the advantage of John Legg in a horse trade some time ago. Saturday night Legg and his father and brother met Berry in Gilbert Hutchins' saloon in Huntsville. Frank Legg shot at Frank Berry six times, four of the shots taking effect in the head, legs and abdomen, making injuries probably fatal. Berry's companions afterward caught his assassin and with their fists beat him fearfully making dangerous injuries.

Troops Reported Landed.
NEW YORK, June 7.—A special from Kingston, Jamaica, reports that 5,000 United States troops have landed near Punta Cabrera, a little to the west of Santiago de Cuba, where a junction was effected with Gen. Calixto Garcia's army of 3,000 insurgents. It is added that the landing was effected under cover of a fire from Adm. Sampson's fleet. With the troops were several heavy siege guns.

This Is From Madrid.
MADRID, June 7.—A dispatch to the Imparcial from Santiago de Cuba says the American fleet ineffectually bombarded that place on Saturday night for 45 minutes. The dispatch further says the bombardment lasted 45 minutes and was not resumed. On Sunday, it continues, 16 American warships were still moored at the same place, in sight of Santiago de Cuba.

TO BE PROMOTED.

The Navy Department Discussing a Reward for Lieut. Hobson and Associates, Santiago Heroes.

WASHINGTON, June 7.—The promotion of Lieut. Hobson, the hero of Santiago, is under consideration by the navy department. Acting Secretary Allen and Commodore Hieb, chief of the bureau of naval construction, talked it over in a general way Monday, but no conclusions were reached. The department is desirous of knowing what would be most acceptable to Lieut. Hobson himself, and when this is learned a recommendation will be made to congress, which that body will doubtless carry into effect without delay. The present indications are that Lieut. Hobson will be taken out of the staff and made a line officer, as that ensures not only an increase of pay but an opportunity to rise to the more conspicuous line position of admiral. At present Lieut. Hobson is an assistant constructor, with the relative rank of lieutenant, junior grade. It develops, however, that within the next four weeks he would have secured a promotion to the rank of constructor, relative rank full lieutenant, in the usual course of advancement. As this rank is already earned by length of service, it would hardly be an honor for congress to confer this rank upon him. About the only expedient is to give him a promotion in the line, possibly as lieutenant commander or commander where his pay would be greater than it would be in the staff service, and the chance for future advancement would be ample. There is some doubt, however, whether an officer who has shown much genius in the scientific branch of the naval service would care to leave that service for the line. Congratulations will be sent to Lieut. Hobson as soon as there is any opportunity to communicate with him, but while he is a prisoner at Santiago it is obviously impossible for naval authorities to do more than convey their congratulations and thanks to Adm. Sampson.

Representative Hartman, of Montana has introduced a joint resolution directing the secretary of the navy to have prepared and delivered suitable medals of honor to Lieut. Hobson and the members of his crew for gallant, flexible and patriotic services rendered to the United States at Santiago harbor on June 3, 1898. It appropriates \$500 for the purpose.

MONTGOMERY, Ala., June 7.—The department at Washington having admitted it was ready to give Lieut. Hobson a promotion in the line of his preference is awaiting to learn whether he is willing to leave the bureau of construction. The Advertiser Monday ascertained from his friends at Greensboro that the plucky lieutenant has for some years wanted to get into active duty and that his asking for an assignment at the beginning of the war was because of this ambition. It being also intimated from Washington that he might be made a commander, the Advertiser Tuesday printed an editorial suggesting that he be made commander of the Alabama, the superb battle ship which will be finished in a few months.

HEAVY CANNONADING.

A Fight Before Port Aquedres Reported and a Force of United States Troops Landed.

CAPE HAYTIE, Hayti, June 7.—At 3 o'clock Monday morning strong cannonading was heard before Port Aquedres. A quarter of an hour later the noise of cannonading was greatly increased, the firing evidently proceeding from guns of the largest caliber.

NEW YORK, June 7.—A special from Cape Haytien Monday reports that at daylight Monday morning, under cover of Adm. Sampson's guns, a force of United States troops was landed at Aquedres, a short distance east of Santiago harbor.

CAPE HAYTIE, Hayti, June 7.—Advices received from Santiago de Cuba at 1:30 p. m. said that the bombardment of the port, the fortifications and the neighboring landings, particularly Aquedres, continued.

Spanish Account.
HAYTIA, June 7.—At 5 o'clock Monday morning 21 vessels of the American fleet opened fire upon the forts at the entrance to Santiago harbor and along the coast line. The firing ceased about 11 o'clock. Further details are not yet known here.

Sunday Col. Alda with a Spanish force sustained a fire near Punta Cabrera from the insurgents on the land side and the American war ships. The Spanish forces are well entrenched on the line from Siboney to Aguadros and Monday they checked an attempt of the American forces to land and repelled them.

It is understood here that the members of the Merrimac crew who are imprisoned at Santiago are well treated by the Spanish commander.

Two Notable Engagements This Week.
WASHINGTON, June 7.—This week is to see the climax of the war. Santiago and Porto Rico are to pass into the possession of the United States. Against both places a military and naval expedition of great force is to be directed and before many days will come the news of two notable engagements. That they will be successful the president, who is especially interested in the immediate taking of Porto Rico, has no doubt whatever.

He says the Elks and Dromedaries have not arrived yet; being side-tracked, he thinks to give the boys in blue a chance to get to the front to do some fighting that is badly needed just now. He also says that our home boys that are now at the front fighting Spaniards, promised to send him the first one they captured; and he is looking for one on every train. The Judge will soon have quite a Zoo. Ping, valedictorian. All acquitted themselves with credit and were complimented on all sides by everyone. The case of Commonwealth of Ky., against Pate and Elza Langford was called last Friday. J. N. Sharp, C. C. Williams, C. W. Lester and E. D. Colyer represented the prosecution and W. A. Morrow and Bethurum & Bethurum for the defendants. The task of getting a jury was begun and after nearly a day spent it was discovered that a jury could not be secured in this county. The sheriff was instructed to summon fifty men from Pulaski county to report here on Monday morning. On that date the following named jurors were selected from the fifty Pulaski citizens who were on hands: Andrew McKinney, J. D. Randall, J. R. Bulcher, Daniel Green, W. F. Decherage, S. S. Lovell, G. S. Woodall, J. W. Hansford, Wm. McBea, W. E. McDowell, W. T. Perkins and W. W. Ashurst. The taking of testimony was begun Monday afternoon and finished up Wednesday morning. About sixty witnesses were examined. Thirty-two for the Commonwealth. The case was ably handled by both sides. Arguments were begun Wednesday afternoon and finished that night. Four speeches were made. The case was given to the jury at 8 o'clock yesterday morning which were unable to agree. Six were for acquittal and six for conviction from two to five years, or two years if the other six would agree. The court placed bond at \$500 each, which defendants gave and were released. The court house was crowded nearly every day during the trial; many ladies being present.

IN MEMORY OF
Mattie Purcell who died April 16th 1898.

Farewell dear darling Mattie,
Your life on earth was short and sweet,
My heart grows sad my eyes dim,
To think on earth no more we meet.
I witnessed not the Angel
Waft your soul on the wings of Love,
As they gently bore you on,
To the sweet realms of life above.
Your life has been like sunshine,
To father, mother, brother, dear,
But no more your smiles greet them
And your sweet voice no more they hear.

Gone, gone, no more to see you
No more to hear thy gentle voice,
No more thy sweet smiles to see.
Gone with the angel to rejoice.

Many of our citizens, who have taken hold of the plow are forced to look back rehearse the bloody battles of the past year; but we are glad to know they are only remembered from a standpoint of law and justice. There is a decrease in the price of fire arms, and while Sampson is bombarding Merro castle our people join hands and look with pride at the glorious stars and stripes; and all are ready and willing to defend them.

I was seriously afflicted with a cough for several years and last fall had a more severe cough than before. I have used many remedies without receiving much relief and being recommended to try a bottle of Chamberlain's Cough Remedy by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, Mrs. MARY A. BEARD, Cleremore, Ark. For sale by M. Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and ruin his horse, going for a doctor and have a big bill to pay besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer he is getting poorer.

Fast Time to Colorado.

A new through Sleeping Car line between St. Louis and Colorado Springs will be established over the Wash. Rock Island Short Line, May 15th, 1898. The time will be the fastest made with regular service between these two points by many hours. A through sleeper will leave St. Louis on Wash. train No. 3, at 9:20 a. m., arriving at Colorado Springs the next morning at 11:00, with a direct connection for Denver, arriving at 11:30 a. m. This is the fastest regular through sleeper ever established between St. Louis and Colorado. Returning, the sleeper will leave Colorado Springs at 2:45 p. m., and arrive at St. Louis the next evening at 6:15.

Patrons of this line will avoid the only unpleasant feature heretofore attendant on Colorado travel, inasmuch as the trip through Missouri's fertile fields will now be by daylight, and the mountain portion of Kansas will be traversed during the night, with the mountain scenery to greet the tourists in the morning.

The fast time of this line will naturally commend the Wash. Route to intending Colorado tourists. Particulars will be gladly furnished on application. C. S. CRANE, G. P. & T. A., St. Louis.

STRONG STATEMENTS.

Three Women Relieved of Female Troubles by Mrs. Pinkham.

From Mrs. A. W. SMITH, 59 Summer St., Hildesheim, Me.:

"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give you Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman."

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham:

"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, no appetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HERRICK, Powell Station, Tenn.:

"For three years I suffered with such a weakness of the back, I could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

Volunteer Crew Scuttles the Merrimac in the Mouth of Santiago Harbor.

The Heroes Attempted to Return But Under Heavy Fire Compelled to Row to the Spanish Flag Ship—They Will Be Exchanged.

WASHINGTON, June 6.—"The cork is driven in the bottle," was the comment of the naval officers at the navy department Saturday morning upon the news of the sinking of the collier Merrimac in the channel at the entrance of Santiago harbor.

KINGSTON, Jamaica, June 6.—Hobson and the hero crew of the Merrimac were saved in the following manner:

Unable, after the sinking of their vessel, to make their way back through the storm of shot and shell, they rowed into the harbor to the Spanish flagship and were taken on board unharmed. The Spanish admiral under a flag of truce on Friday sent word to the American admiral that he offered to exchange the prisoners, adding, that in the meanwhile Hobson and his party would be treated with the greatest kindness.

WASHINGTON, June 6.—Information comes from the white house that the secretary of the navy has received a dispatch from Adm. Sampson stating that the Merrimac was sunk in the channel off Santiago harbor for the purpose of blocking the passage.

ON BOARD DISPATCH BOAT DAUNTLESS, OFF SANTIAGO DE CUBA, JUNE 6.—Via Kingston, Jamaica.—Rr. Adm. Sampson, during Friday morning decided to close the narrow harbor entrance of Santiago de Cuba by sinking the collier Merrimac, loaded with coal, in the channel. He called for volunteers to go to almost certain death and 4,000 men offered themselves. Lieut. Hobson and six men were chosen. Under Friday morning the Merrimac, under her own steam, entered the channel under a terrible Spanish fire.

The vessel was riddled with projectiles, but she anchored and swung around. Lieut. Hobson then set off an internal torpedo with an electric attachment, there was an explosion, the Merrimac sank, the channel was closed, and, apparently, Adm. Cervera will be unable to escape.

WASHINGTON, June 6.—The war department was open for business in a limited way for half the day Sunday, and Adj. Gen. Corbin was hard at work at his desk in telegraphic correspondence with army officers in all parts of the country and particularly regarding the Spanish military prisoners from whom selections will be made for exchange of the gallant little band that sunk the Merrimac. The commanding officer at Fort McPherson, Ga., has furnished the department a full list of the captives to facilitate the work of exchange. This is likely to occupy more time than was originally expected because of the difficulty of communicating with the Spanish admiral at Santiago.

The number of Spanish prisoners at Fort McPherson is one first lieutenant, seven second lieutenants, one sergeant and nine privates.

Information afforded by the official records of the navy department as to the full names and antecedents of the gallant sailors who made up Hobson's little crew in sinking the Merrimac differs in some essentials from the data furnished through the dispatch boats Sunday morning. The naval list is about as follows:

Daniel Montague, first-class machinist on the New York, born in Ireland and 39 years old; last enlistment in December, 1896; next of kin Kate Goldens, sister, 81 Horatio street, New York.

George Charette, first-class gunner's mate on the New York, born in Lowell, Mass., 29 years of age; last enlistment May 20, 1898; has been in the service since 1881; his next of kin is Alexander Charette, father, Lowell, Mass.

Osburn (not Oscar) Deignan, coxswain on the Merrimac, born in Sturbridge, Ia., 21 years old; last enlistment April 22, 1898; next of kin Julia Deignan, mother, Stuart, Ia.

George E. (not John D.) Phillips, machinist on the Merrimac, born in Boston, 31 years old; last enlistment March 20, 1898; next of kin Andrew Phillips, Cambridgeport, Mass.

Francis (probably instead of John) Kelly, water tender on the Merrimac, born in Boston, 28 years old; enlisted at Norfolk, April 21, last; next of kin, Francis Kelly, Boston.

Randolph Clausen, coxswain on the New York, born in Boston and 28 years of age; last enlistment February 29, 1897; next of kin, Teresa Clausen, wife, 127 Cherry street, New York.

It is apparent to the department officials that the call for volunteers did not extend beyond the two ships. New York and Merrimac, as all the men named belonged to those two vessels. Great admiration is expressed at the department at the cool pluck and discretion shown by the young cadet, George W. Powell, who took command of the New York's steam launch and lay under the batteries for many hours until he was satisfied from his own observation that the Merrimac had gone down before he returned to the flagship. It is felt that his fate involved a display of quite as much courage as was shown by the Merrimac crew and he is likely to profit by it.

Hobson to Be Promoted.

WASHINGTON, June 6.—It was stated Sunday night at the white house that the recommendation of the president as to the promotion of Junior Lieut. Hobson would not be sent to congress before Tuesday. By that time it is expected that the arrangements for the exchange of the prisoners will have been completed.

The Alfred Arrives at Halifax.

HALIFAX, N. S., June 6.—The American steam yacht Alfred, from the great lakes, bound to New York, having been secured by the United States government, arrived Sunday for coal.

WHY THE COOK FELT HURT.

Her Employer Was Not Laid Up from Overeating and She Felt Slighted.

A lady had a cook who gave her every satisfaction and she was under the impression that the cook was equally satisfied with her place. But one morning, to the lady's intense surprise, the cook gave her the usual month's notice.

"What do you want to leave for, Jane?" asked her mistress. "I am very much pleased with you, and I thought you were quite comfortable here."

"Yes, muni, I'm comfortable enough in a way, but—"

The cook hesitated and fidgeted about.

"But what?" queried her mistress.

"Well, muni," she blurted out, "the fact is the master doesn't seem to prelate my efforts to please as wasted; so I'd rather go, muni."

"But what makes you think that your master doesn't appreciate your cooking?"

"Has he ever complained to you?" asked the lady.

"No, muni, but my late master was always being laid up through overeating—"

"said he couldn't help doing so because my cooking was so delicious—but master hasn't been laid up once all the three months I've been with you, and that's just what bothers me so, muni!"—Boston Traveler.

A REMARKABLE CASE.

The following case was printed originally in The Monitor, a newspaper published at Alcatraz, Ontario. Doubts were raised as to its truthfulness, consequently a close watch was kept on the case for two years and the original statement has now been completely verified.

Mr. Petch had been a hopeless paralytic for five years. His case had wide attention. He was confined to his bed, was bloated almost beyond recognition, and could not take solid food. Doctors called the disease spinal sclerosis, and all said he could not live. The Canadian Mutual Life Association, after a thorough examination, paid him his total disability of \$1,000, regarding him as forever incurable.

For three years he lingered in this condition. After taking some of Dr. Williams' Pink Pills for Pale People, there was a change, a tendency to sweat freely. Next came a little feeling in his limbs.

This extended to his arms, and then to his chest, by a prickling sensation, until at last the blood began to course freely and vigorously through his body. Soon he was restored to his old-time health.

A reporter for The Monitor recently called on Mr. Petch again and was told:

"You may say there is no doubt as to my cure being permanent. I am in better health than when I first took the pills. I certainly attribute my cure to Dr. Williams' Pink Pills for Pale People."

To these pills I owe my release from the living death, and I shall always bless the day I was induced to take them.

Such is the history of one of the most remarkable cases in modern times. In the face of such testimony, can anyone say that Dr. Williams' Pink Pills are not entitled to the careful consideration of every sufferer—man, woman or child? Is not the case, in truth, a miracle of modern medicine? These pills, of course, are not drugs, and are considered by them to be one of the most valuable remedial agents known to science.

ANOTHER PATRIOT.

He Wanted Everything Military and Naval on the Bill of Fare.

Puffy is too old and there is too much of him to go to the war, but he never loses a chance to show his patriotism. He was at the restaurant menu the other day. "Say, waiter, are these the regular army beans?"

"Yes, sah. Also de reg'lar army pork."

"Bring some. What are the Spanish beans?"

"One big order of consomme, waiter. Break a couple of these Spanish beans into it. That's where they belong. Then throw the whole thing away."

After Puffy glared around to see whether anyone challenged this direction, he chuckled an order for shelled peas.

"Fruit?" he responded later to the waiter, "certainly," and he fairly slanted that he wanted a couple of haval oranges.

"That's a hit," he continued to himself. "Most of these clumps that are put up with the times would have simply ordered oranges. Then he had another inspiration, and, taking in a full breath, he roared:

"And say, waiter, bring me a couple of Manila cheroots." Everybody within hearing applauded and Puffy waved both hands of his coat with national emblems attached.

"Game old bird dat," whispered the waiter just loud enough to be heard all over the place. Puffy gave no sign that he heard, but left a half-dollar on the table and walked out so straight that he leaned back.—Detroit Free Press.

BEWARE OF MORPHINE.

Mrs. Pinkham's Urgent Appeal to Suffering Women.

She Asks Them to Seek Permanent Cures and Not Mere Temporary Relief From Pain.

Special forms of suffering lead many a woman to acquire the morphine habit.

One of these forms of suffering is a dull, persistent pain in the side, accompanied by heat and throbbing. There is disinclination to work, because work only increases the pain.

This is only one symptom of a chain of troubles; she has others she cannot bear to confide to her physician, for fear of an examination, the terror of all sensitive, modest women.

The physician, meantime, knows her condition, but cannot combat her shrinking terror. He yields to her supplication for something to relieve the pain. He gives her a few morphine tablets, with very grave caution as to their use. Foolish woman! She thinks morphine will help her right along; she becomes its slave!

A wise and a generous physician had such a case; he told his patient he could do nothing for her, as she was too nervous to undergo an examination. In despair, she went to visit a friend. She said to her, "Don't give yourself up; just go to the nearest druggist's and buy a bottle of Mrs. Lydia E. Pinkham's Vegetable Compound. It will build you up. You will begin to feel better with the first bottle." She did so, and after the fifth bottle her health was re-established. Here is her own letter about it:

"I was very miserable; was so weak that I could hardly get around the house, could not do any work without feeling tired out. My monthly periods had stopped and I was so tired and nervous all of the time. I was troubled very much with falling of the womb and bearing-down pains. A friend advised me to take Lydia E. Pinkham's Vegetable Compound; I have taken five bottles, and think it is the best medicine I ever used. Now I can work, and feel like myself. I used to be troubled greatly with my head, but I have had no bad headaches or palpitation of the heart, womb trouble or bearing-down pains, since I commenced to take Mrs. Pinkham's medicine. I gladly recommend the Vegetable Compound to every suffering woman. The use of one bottle will prove what it can do."—Mrs. LUCY PEASLEY, Derby, Center, Vt.
